

Staff Augmentation

The need for highly-skilled IT consultants has never been in greater demand. Whether to keep a project's critical path from becoming a crisis path, or to keep your organization lean while balancing the peaks and valleys of business and resource demand, the engagement of the right contract IT professional is essential.

How We Deliver

At CDI, we utilize a consultative approach to understand your business requirements and have the skill and scale to effectively manage the acquisition and deployment of "best-in-class" IT professionals to meet your just-in-time resource requirements. CDI stands out among staffing firms because we focus solely on IT and have a long history of experience delivering high-impact IT talent. Our IT consultants help companies manage through development life cycles, implementations, rollouts and mergers that can cause dramatic, yet short-term changes in IT resource demands.

Why CDI?

- Over 45 years of IT industry experience
- Dedicated IT focus
- Consultative approach to your business needs
- ISO-certified Enterprise Recruiting Model
- Recruiting skill and scale
- SLA-driven delivery
- Placement of over 2,000 IT consultants per year
- **Quality results delivered - every time**

Enterprise Recruiting Model

CDI delivers top talent across the entire IT spectrum and takes a service level approach to delivery. Our ISO 9002 certified Enterprise Recruiting Model leverages proprietary systems, competency-based recruiting and dedicated Fulfillment Management to most-effectively match the right IT resource to your technical and cultural requirements, delivering quality IT resources each and every time. Our Fulfillment Managers are subject matter experts who consult, plan, anticipate, execute and measure in order to achieve success in meeting your resource demands. Our ability to be proactive and effectively meet your needs will reduce costs and keep projects on schedule.
